Medallion Landscape Tree Spraying

TREE SPRAYING

Medallion Landscape offers a full service in house tree division which has over 40 years of combined experience. We can handle all of your tree services while adhering to ANSI (American National Standards Institute) Specifications. Trees are one of the most treasured assets of your landscape design. Mature trees are irreplaceable and implementing strategies to ensure tree health protects the beauty and value of your property and protects the homeowners.

At Medallion, we spray Plum trees with Florel fruit prevention to reduce the quantity of fruit that is produced. This work should be done from mid-February thru mid-March for best results. Trees that produce fruit can be a nuisance. We offer environmentally conscience spray methods for your trees.

BENEFITS OF TREE SPRAYING

- Ensures plant health and aesthetics of the landscape.
- Fruit is a slip and fall hazard, spraying prevents most fruit development
- Fallen fruit leaves unsightly stains on sidewalks, carpets & patios
- Fallen fruit leaves a sticky mess
- We are experts on when and how to treat your trees
